DPP SUSTAINABILITY TOOL

- Assesses capacity in 4 areas
 - Partnerships
 - Organizational Capacity
 - Communications
 - Funding Stability

1. DPP Sustainability Assessment

Assessment Instructions

In the following questions, you will rate your program across a range of specific factors that affect sustainability. Please respond to as many items as possible. If you truly feel you are not able to answer an item, you may select "NA." Based on your responses at the end of the assessment, you should be able to identify at least one priority area for focus.

Partnerships: Building connections between the DPP and its stakeholders

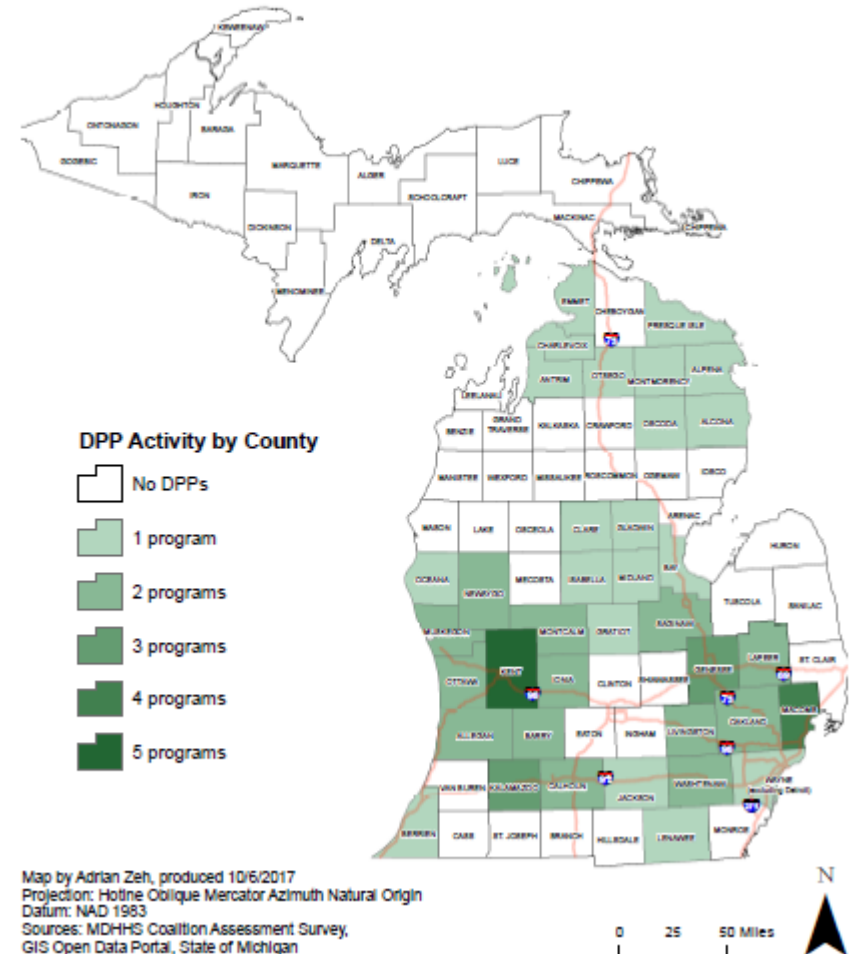

For each statement, circle the answer that best indicates the extent to which your program has or does the following things.

1. Diverse community organizations and health systems are invested in the success of DPP.	No	Sometimes	Yes	NA
2. The program communicates with community and health system leaders.	No	Sometimes	Yes	NA
3. Community and health systems leaders are involved with the program.	No	Sometimes	Yes	NA
4. Community members and health system leaders are passionately committed to the program.	No	Sometimes	Yes	NA
5. The community is engaged in the development of program goals.	No	Sometimes	Yes	NA
